"The South Indian Institute of Clinical Research & Excellence (SICRE)"
A division of The Clinic'les, Salem

Course 1: Professional Certificate of Excellence in Clinical Research Course 2: Professional Certificate of Excellence in Hospital Management

"Students and graduates of Dentists, AYUSH doctors, Pharma, Nursing Fraternity, Biotechnology, Biomedical, Bioinformatics, other Science Graduates and Management students"

The Clinic'les is a Site Management Organization (SMO) based in Salem, TamilNadu. We conduct Clinical Trials in Various Hospitals all over Tamil Nadu. We have extended our research sites in Andhra Pradesh, Telangana & Karnataka as well.

We offer fellowship courses to Paramedical, Pharma and Life science students & graduates through our South Indian Institute of Clinical Research (SICRE). *Globally, need for clinical research is on the high and people getting trained under us shall have sky rocketing career.*

We act as a platform for Contact Research Organizations (CRO's), Pharmaceutical companies, Biotechnology companies and Clinical Research sites. We have a network of hospitals, where we carryout clinical trials and help Doctors carry out the study by providing trained Clinical Research Coordinators (CRC).

The Medical Writing service is offered by "Kurale", a division of The Clinic'les. Educational Medical Writing includes Case Reports, Retrospective Analysis, Prospective Studies, Investigator initiated studies and ADR reporting.

Purple fish is our healthcare management division which renders service to various hospitals for their management and marketing segment.
