

2nd National Symposium on Clinical Research - 2018

“Sensitizing MBBS freshers, Dentists, AYUSH doctors, Nursing fraternity, Biotechnology, Biomedical, Bioinformatics and Science Graduates towards their prospective career in Clinical Research”

Chief Patrons

Dr. P.S. Panneer Selvam
Managing Director
Shanmuga Hospital, Salem

Dr. V. Selvaraja
Managing Director
Dharan Hospital, Salem

Mr. V. Gunasekaran
Joint Managing Director
Dharan Groups, Salem

Convener

Dr. S.R. Tiruvalavan
CEO, Dharan Hospital, Salem
Founder, The Clinic's, Salem

Organizing Chair Person

Dr. P. Prabu Sankar
Medical Director
Shanmuga Hospital, Salem

Organizing Secretaries

Dr. D. Priyadharshini
Administrative Director
Shanmuga Hospital, Salem

Ms. B. Dhivya
Lead, Clinical Research, Dharan Hospital
Associate Director, The Clinic's, Salem

Date : 19th Feb 2018 | Venue : TGI Residency-Green Ridge, Salem

Faculty Members

Dr. Rahul Rathod

Director Medical Affairs, Mitra RxDx India Pvt. Ltd. Bengaluru (India)

Dr. Rahul Rathod is a post-graduate medical professional working at Mitra Biotech, a Harvard-MIT spin-off biotech company dedicated for personalized cancer medicine. Currently he is the Director of Medical Affairs. He has more than 14 years' experience in pharmaceutical industry and clinical practice. Previously he worked with Bayer Pharmaceuticals. He has more than 20 clinical publications in national and international peer-reviewed journals, led more than 20 global and national phase-4 clinical programs. His key areas of interest: big data and analytics, medical affair studies, and publications.

Dr. S.R. Tiruvalavan

Chief Executive Officer-Dharan Hospital, Founder-The Clinic'les, Salem

Dr SR Tiruvalavan has more than 5 years of Pharmaceutical exposure and had worked with Global majors like Pfizer and Wockhardt limited. His expertise in Industry includes Clinical Research, New drug launches, organizing Advisory board meetings and Strategy makings on national scale. Currently, he is heading the administration of 150 Bedded Dharan, a Multi specialty hospital and also he recently floated a clinical research organization "The Clinic'les". Promising, new, fresh and young talents of Biotech, Biomedical, Pharmacy and Bioinformatics backgrounds are part of this start-up "The Clinic'les".

Mr.Ranganath Banerjee

Chennai site manager in CDM delivery centre

Mr.Ranganath Banerjee MCA and CDM certified. Chennai site manager in CDM delivery centre. Also in charge of Japan delivery. Having 13+ years of experience in Clinical data management delivery in end to end process. Also worked in programming for pharmaceutical companies like Cipla, Glaxo etc. Had been visiting faculty for IGNOU, Anna University, Apollo on CDM. Taken part in DIA conferences. Hobbies: writing fiction stories, published books on "Working Ladies", "My daughter", "Alone"
Used to go for car rally competition.

Faculty Members

Dr. Anirban Hom Choudhari, Professor & In-Charge (ICU),
Anesthesiology and Intensive Care, GB Pant Hospital & Maulana Azad Medical College, New Delhi

Dr Anirban has over 40 publications to his name and had authored 2 chapters in text books. He is principal investigator for ICMR and DBT projects. He is a teaching faculty at GB Pant, IGNOU and also a subject expert for Anesthesiology in NBE (National Board of Examinations). Reviewer of Journal of Critical Care (Official journal of World Federation of Intensive care Societies) and Indian Journal of Critical care Medicine.

Dr.S.Selvaraj, Assistant Professor (Retd)
Dept. of Bioinformatics, Bharathidasan University, Trichy

Dr.S.Selvaraj has taught a number of courses in Bioinformatics during his tenure as Assistant Professor for M.Sc., M.Phil. and M.Tech students. He has guided five students for their doctoral degree in Bioinformatics and one student has submitted thesis. Presently guiding one student for doctoral work. Dr. S.Selvaraj's research interest centers on protein structure and protein-DNA, protein-protein and protein-ligand interactions apart from some work on biomedical text mining. He has operated one DST project and one DST-JST project. On retirement he was awarded the UGC Emeritus Fellowship for two years (2015-17). He has published 66 research articles and edited one book. His research papers have received more than 2000 citations with an H-index of 20. Presently Dr. S.Selvaraj engages his time in giving lectures in the area of bioinformatics.

G R R Vittala
Director- India Sales, MITRA Biotech, Bangalore.

G R R Vittala is associated with MITRA Biotech as Director-India Sales. He holds a Master's Degree in Biotechnology from University of Mysore & an MBA from Wellinkar's School Mumbai. He also worked on a project at Cancer Biology Lab – JNU New Delhi in "Cancer prevention using certain Dietary herbal plants from Southern India". He started his professional career as sales executive with Rhone-Poulenc Rorer currently known by the name Sanofi building their cancer products. In the last 20 years of Sales career he has been associated with few companies like Ranbaxy, Bristol Myer Squibs, Bayer Oncology in building up their Oncology Products.

2nd National Symposium on Clinical Research - 2018

AGENDA

Date : 19th Feb 2018, Monday

Venue : TGI Residency-Green Ridge, Salem

Timings	Topics	Speakers
8.00 am - 9.00 am	Registration and Reception	
9.00 am - 9.30 am	Opening Ceremony	
9.30 am - 10.10 am	Clinical Research : Overview and its importance	Dr.AnirbanHom Choudhary
10.10 am - 10.30 am	Bioethics in clinical research	Dr.S.R.Tiruvalavan
10.30 am - 11.10 am	Opportunities and challenges in oncology Trials in India	Dr.Rahul Rathod
11.10 am - 11.30 pm	Tea Break	
11.30 pm - 12.15 pm	What is bioinformatics and how does it help the researcher	Dr.V.Selvaraj
12.15 pm - 01.00 pm	Pharmacovigilance : Current scenario in India	Dr.Shalini Chawla
01.00 am - 02.00 pm	Lunch	
02.00 pm - 02.40 pm	Marketing is booming career for a science graduate: Is it a myth or reality?	Mr.G.R.R.Vittala
02.40 pm - 03.20 pm	Clinical data management	Mr. Ranganath Banerjee
03.20 pm - 03.40 pm	Tea Break	
03.40 pm - 04.20 pm	Regulatory in India: an overview	Dr.AnirbanHom Choudhary
04.30 pm - 05.00 pm	CREET 2018 (Clinical Research Employee Eligibility test)	

05.00 pm onwards certificates issuing & Departure

**Outstation delegates (can start hotel check-in after 12:00 PM on 18th Feb 2018
and check out strictly at 8 AM on 19th Feb 2018)**

2nd National Symposium on Clinical Research - 2018

Theme :

“Sensitizing MBBS freshers, Dentists, AYUSH doctors, Nursing fraternity, Biotechnology, Biomedical, Bioinformatics and Science Graduates towards their prospective career in Clinical Research”

On behalf of Dharan Hospital, Shanmuga Medical Research Foundation Trust and The Clinic'les, a Clinical Research Foundation, we are organizing this National Level Symposium on Clinical Research.

Theme for this daylong symposium is “Sensitizing MBBS doctors, Dentists, AYUSH doctors, Nursing fraternity and Science Graduates towards their career in Clinical Research”. We have focused this workshop for trying to bring together prospective employees & employers.

We deeply sense there are huge prospects and high demands for science background people in clinical research. We would try to create a platform for better understanding on clinical research and motivating young minds through this symposium.

Clinical research can create an enterprising career for life science graduates and this workshop can act as a gateway for reaching great heights. With regulatory norms are getting tougher and tougher in our nation, quality data generation and publications becomes “need of the hour”.

Apart from core research, there are various off-shoots in this field- Pharmacovigilance, Medical Writing, Management segment of CROs, Clinical Operations manager and many others.

Eminent international faculty members are featuring in this symposium which takes place in a 2-tier city Salem for the first time. More than scientific content, interactions with the industry people can provide you an insight and also address your myths on Clinical research.

Salary Packages are on the rise every year for a successful person in this field. Many talented people lack orientation and through this event, one may acquire the “know-how” on breaking your entry in to this field.

Importance of this workshop

- ❖ Internationally famed speakers are from reputed institutions of our nation. It's a career oriented sensitization symposium.
- ❖ Delegates would be eligible for CREET (Clinical Research Employment Eligibility Test) exam which is specially designed for creating employment opportunities for fresher category.
- ❖ Those who successfully clear CREET – their details would be posted on our site – their contact details would be easier for employers to prioritize your profile.
- ❖ Delegates would be given preference for on-site job postings for our various clinical research projects, provided he/she satisfies required job criteria.
- ❖ This one day symposium would be bridging your knowledge gap for PG Diploma course in Clinical Research (which is scheduled to begin by May 1st 2018).
- ❖ Clinical research professionals are known for being "frequent flyers" and you could soon become one of them flying across various cities.

CREET (Clinical Research Employment Entrance Test) portal

This portal is specially designed for candidates who are fresh pass-outs and seeking jobs. We would grade them based on their performances in eligibility test on Clinical research. The list would be posted on our website which would be easy accessible for prospective employers.

Post Graduate Diploma in Clinical Research (PGDCR)

This is the most eligible course after anyone's graduation to get placed in a clinical research organization. In the first batch (1 month crash course) which commences during the month of May 2018, enrollments are fast filling up. Delegates who are attending this symposium would be given preference for the remaining seats. We would also guide the candidates to get their first job after their course to get placed (subject to their progress in the course).

Who should attend?

- ☞ MBBS doctors/Interns aspiring for a career in Pharmaceutical industry as Medical advisors/ Regional Medical Advisors/ Medical Science Liaisons
- ☞ Dentists who look for a career outside their domain in Pharma Industry
- ☞ Indian system of Medicines AYUSH (Ayurveda, Unani, Siddha and Homeopathy) doctors aspiring to pursue career in clinical research
- ☞ Nursing students and graduates
- ☞ Biotech, Microbiology, Biochemistry, Bioinformatics and Biomedical Graduates or students
- ☞ Life science graduates and students
- ☞ Pharmacy (BPharm, MPharm, Pharm D)
- ☞ Research scholars/PhDs of various life science streams
- ☞ Faculty members of all the above courses and who plan to join the dynamic industry
- ☞ All streams of graduates who wish to join pharmacovigilance, medical writing and medical affairs in Pharma companies

Registration Fees

- ☞ **Out-station Delegates* : Rs 1500** (includes sharing accommodation in 3 star hotel on 18th February 2018, Course material, High tea on various occasions, Breakfast & Lunch 19.02.2018)
- ☞ **Out-station PG / Research Scholar & HODs / Professors / Lecturers : Rs 1750** (includes sharing accommodation in 3 star hotel, course material, High tea on various occasions, Breakfast & Lunch on 19.02.2018)
- ☞ **In-station Delegates UG Delegates : Rs 750** (Course material, High tea on 19-02-18)
- ☞ **In-station PG / Research Scholar & HODs / Professors / Lecturers : Rs 1000** (Course material, High tea on various occasions & Lunch on 19-02-18)

For NEFT : Name : Dharan Educational Charitable Trust, Bank : ICICI Bank, A/c No. : 190605002103, Branch : Gugai, Salem. IFSC Code : ICIC0001906

For DD : In favour of "Dharan Educational Charitable Trust" payable at Salem

Postal Address : Dr. S.R. Tiruvalavan, Dharan Hospital, 14, Seelanaickenpatty By-Pass, Salem-636 201.

Registration closes on or before 15th Feb 2018 | Spot Registration (limited seats)

Organizing Committee Members

Ms.R.Santfiya

Manager, Clinical operations - The Clinic'les, Salem
B.E Biomedical Engineering
Department of Biomedical Engineering (Alumni)
Velalar College of Engineering and Technology, Erode.

Mr.R.Sabarinathian

Manager, strategy making - The Clinic'les, Salem
B.Tech- Biotechnology
Department of Biotechnology (Alumni)
K.S. Rangamy College of Technology, Tiruchengode.

Ms.K.Afroze Asrin

Manager, Academic portfolio - The Clinic'les, Salem
M.Tech- Biotechnology
Department of Biotechnology
K.S. Rangamy College of Technology, Tiruchengode.

Ms. S. Subbulakshmi

Manager, Clinical Operations - The Clinic'les, Salem
B.Tech. Bioinformatics
Department of Bioinformatics (Alumni)
