Yercaud....

Perched in the Shevaroy Hills in the Central Region of Tamil Nadu, Yercaud is an epitome of Salem and the name conveys the very meaning of Yercaud (“Yer”- lake, “Caud”- forest). Just a half an hour drive from Salem will lead you to this “Heaven on Earth”. Its incommensurable silver oaks, sandalwood and teak make it unrivaled among its counterparts.

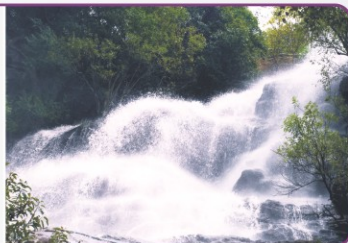

AGENDA >>>

Day : 2 - MASTER CLASS II (RESEARCH METHODOLOGY WORKSHOP)

Date : 5th August 2018, Sunday

Timings	Topics	Speakers
8-30 to 9-00 am	Introduction to Clinical research	Dr. Aamir Shaikh

Expert in people management, clinical research, product launch, training and key customer engagement. Has been associated with Pfizer Inc and Mithas Labs in past tenure.

3rd National Symposium on Medical Writing & Clinical Research - 2018

Theme:

“Clinical Research - an integral part of Clinical Practice”

“Dharan Educational Charitable Trust” in association with “Dr. Tiru's Clinic'les Pvt. Ltd.” cordially invites you to a 3rd National Symposium on Medical Writing & Clinical Research. Symposium focuses on inculcating and integrating “Clinical Research, a part of your Clinical Practice in a smarter way”. Clinical Research need not be thought as a secluded area of focus; rather it can be practiced and adhered in to their own clinical acumen, within your regular time frame of your Clinical Practice.

“Evidence Based Medicine” is just remaining buzz word and we hope this symposium would be a trend setter in this part of our Nation. We invite delegates only with a niche interest for clinical research.

Faculty for this symposium needs no introduction as their names always features in many international conferences. We only request all delegates free from “Mobile phone disturbances” so that atmosphere in the conference hall remains highly receptive.

Members of teaching institutions and Post-Graduate (PG) students who are scripting their thesis works would be highly benefited. This platform would enable the doctors to set-up their Ethics committee in their institutions - be it a teaching institution or a corporate hospital / private health care facility.

No doubt, clinical research is going to flourish in this decade and doctors with more publications would be easily recognized by even the general public as in western part of the world.

“Publish or Perish” - it may sooner become a reality

Dr. S.R. Tiruvalavan

Chief Executive Officer-Dharan Hospital,
&
Founder-The Clinic'les, Salem

Who should attend?

- ☞ HODs and Faculty members of all Clinical / Non-clinical departments in Medical Colleges
- ☞ Consultants in Corporate Hospitals and Guides of DNB PGs
- ☞ Faculty Members part of PG teaching institutions
- ☞ Post Graduate scripting thesis or research projects (MD / MS / DNB / Diploma / PG Diploma)
- ☞ Doctors aspiring for carrying out Drug trials and constructing their publications domain
- ☞ MBBS doctors looking out for career directly in to Pharma industry and Pharmacovigilance sectors
- ☞ Doctors willing to be part of Medical Journals' review board
- ☞ M.Pharm/Ph.D students
- ☞ Biostatisticians of medical colleges / DNB teaching institutions

Importance of this workshop

- ❖ Internationally famed speakers are from reputed institutions of our nation
- ❖ Institutional Ethics Committee registrations with CDCSO, DCGI (Drugs Controller General of India) is mandatory for past 5 years; however, adequate information is required for the same which can be acquired through this symposium
- ❖ Documentation of one's own work and letting it know to the medical world is quiet impeccable for a constructive practice of Medicine globally
- ❖ Introduction of simpler publication means like Case reports, Investigator Initiated Studies (IIS/IIR), Prevalence study etc and how to carry out with both financial and time constraints
- ❖ Credit hours acquired by this symposium could be useful for your career*

Registration Fees includes shared accommodation

	Delegates	Post Graduates	Group of 5 from the same institution
Early Bird registration within July 10, 2018	₹ 6000	₹ 5000	₹ 20000
